To the Governor and Executive Council:

re; Statement of Harvey Hill in the Removal Petition of Mark Bodi

To the best of my knowledge I have not ever met Mr. Harvey Hill. That said, at some point several years ago I did receive a phone call from someone who said that he was Harvey Hill. The caller stated that his purpose in calling was to inform me that he had just fired the director of the Keene Community College campus. It should be noted that I was instrumental in establishing the Keene campus and had been invited by the "system" to participate in interviewing and hiring the director.

I did in fact state to Mr. Hill that I thought that was a stupid decision since the Director had worked tirelessly to make the campus an educational and financial success against many obstacles.

I did not rant about other parts of the system, employee's or make any threats of any kind. I have always been and continue to be a strong supporter of the community college system.

When I asked Mr. Hill why he was calling me with this information, He stated that he wanted the pleasure of telling me that he had fired my "Pet".

The entire conversation lasted between 30 and 60 seconds. I ended the conversation with an expletive directed at Mr. Hill and hung up,

I will be happy to provide additional information if requested.

Upon return, I will swear to the truth of the statement
